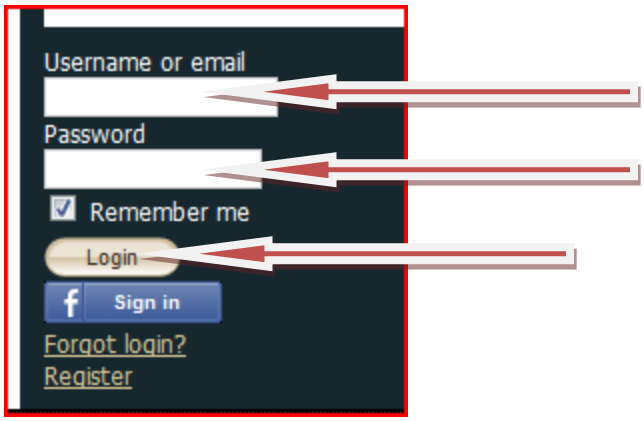
How to link your ERHOP.org login with your FACEBOOK login

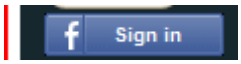
If you have never registered at ERHOP.org then you may simply scroll down to the login prompt at the lower right of the webpage. Then click on the 
to login to Facebook, accept the link up and you're done.

If you already have an account on ERHOP.org, you must first login to ERHOP.org with your erhop credentials.



The login prompt will change to this: 
Simply click on the 
and follow the instructions, choosing ALLOW at the bottom right of the page when you see the Request for Permission page.

If you get this error 
, your email address in FACEBOOK is different than the one listed in ERHOP.org, you must change the email address on either ERHOP.org or FACEBOOK so they match.

To do so on ERHOP.org, login and go to the MY STUFF menu on the far right and select EDIT MY DETAILS and change your email address found under the Contact Info tab:


Update the email address and click UPDATE, then retry the
